

Requirements for portfolio

- Documentation of 6 – 8 work samples (for example installations, drawings, paintings, photographs, videos, objects etc.)
- Each of the documented work sample can include up to 5 pictures, for example how the work is installed, close-ups and a written description.
- Regarding longer video works, a short synopsis/trailer should also be handed in
- Information about the material, measurements, running time and production year should be included.
- Accepted file formats for films are MP4 (MPEG4), MOV or AVI, max 45MB/min, but at the most 2GB/film, JPG for pictures and MP3 for sound.
- If you have videos or audio files which exceeds 15MB, please upload on your homepage, Vimeo, YouTube or similar. Please register links to video / audio files in the list below. The applicant are responsible for ensuring that the URL is correct, that the website is working and that the work is viewable in a standard web browser.
- Please register all attached documents (numbered, with details of format, technique, material, manufacture, title / description etc.) in the list below.
- If possible, please save the portfolio as one PDF document before uploading on Søknaadsweb.

Good luck with your application!
