Semester 1	Introduction to Arctic Adventure Tourism (20 ETCS)		Experiences, Marketing and Sales (20 ECTS)											
Semester 2	Arctic Tourism Management I (20 ECTS)													
The study programme's Learning Outcome	<p>Upon successful completion of the one-year programme, students are expected to possess the following learning outcomes:</p> <p><b>Knowledge</b></p> <ul style="list-style-type: none"> <li>- Have basic knowledge of tourism theory and tourism business development.</li> <li>- Can explain tourism as an industry system and as a social phenomenon.</li> <li>- Have knowledge of the Arctic nature, society and culture, in relation to sustainable adventure tourism.</li> </ul>													

	<p><b>Skills</b></p> <ul style="list-style-type: none"> <li>- Can make use of relevant tools, techniques, and approaches in order to develop, deliver and evaluate tourism experiences in the Arctic setting.</li> </ul> <p><b>Competence</b></p> <ul style="list-style-type: none"> <li>- Is able to participate in different projects, individually and as part of a team.</li> <li>- Is able to communicate important issues through oral and written presentation.</li> </ul>
The study programme's relevance	<p>Upon completion of the one-year programme, the candidate can seek a career in activity and adventure companies, destination and marketing companies, within product and business development, and the hospitality industry.</p> <p>With the one-year programme in Arctic Adventure Tourism, students can apply for admission to fulfill a bachelor degree in Arctic Adventure Tourism at UiT, The Arctic University of Norway.</p>
Work scope and learning activities	<p>The course activities consist of different teaching methods. Lectures will give candidates a basic introduction to the theoretical field and knowledge of the challenges in Arctic adventure tourism. Candidates will analyse, discuss and position their knowledge into relevant contexts. External lectures, field trips and training will lead to practical skills, and help candidates to gain insight into the tourism industry. Through group work, candidates will be able to discuss subjects to gain deeper understanding. In individual tasks, candidates will use theoretical literature and examples from the tourism industry. Candidates will receive supervision and individual guidance in writing essays, group assignments and written exams. Candidates are expected to perform independent studies, including curriculum not specified in the scheduled teaching.</p> <p>Practical tasks and field trips, which take place in a natural environment, are an integrated part of this study. Candidates are required to have necessary equipment, and should expect other expenses related to these field trips.</p>
Examination and assessment	<p>Students will be evaluated by coursework requirements and examinations. Required attendance and assignments must be approved in order to qualify for examination. For detailed descriptions of requirements, see course description for each course.</p> <p>Examination methods will vary between courses, and will generally be written home or school exams, and/or oral exams.</p> <p>The grading system is twofold. One system consists of letter grades from A to F; with the following grading scale:</p>

	<b>Symbol</b>	<b>Description</b>	<b>General, qualitative description of valuation criteria</b>
	A	Excellent	An excellent performance, clearly outstanding. The candidate demonstrates excellent judgment and a high degree of independent thinking.
	B	Very Good	A very good performance. The candidate demonstrates sound judgment and a very good degree of independent thinking.
	C	Good	A good performance in most areas. The candidate demonstrates a reasonable degree of judgment and independent thinking in the most important areas.
	D	Satisfactory	A satisfactory performance, albeit with significant shortcomings. The candidate demonstrates a limited degree of judgment and independent thinking.
	E	Sufficient	A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgment and independent thinking.
	F	Fail	A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgment and independent thinking.
	The other grading system consists of the criteria passed / failed.		
For master's theses/ independent work in master's degrees			
Language of instruction and examination	All courses will be taught in English. Written and oral exams must be completed in English.		
Internationalisation and student exchange			
Supervised professional training
