Four short questions for our international applicants

Welcome to **UiT The Arctic University of Norway's** online application system - SøknadsWeb.

It is important that you are registered only once in our application system. Therefore, before you register as a new applicant, we ask you to answer a few questions to rule out the possibility that you are already registered in our database.

Note! If you have already registered in the online application system and wish to review your application details, [use your e-mail and password to log in](#).

If you have forgotten your password click [here](#), choose "International Applicant", enter your email address and click "(Send me a new password)".

Four short questions for our international applicants

A **Norwegian ID-number** is given to individuals who reside in Norway.

Applicants with Nordic educational backgrounds and Norwegian ID-numbers should apply using their Norwegian ID-numbers.

However, if you have a Norwegian ID-number but a non-nordic educational background we want you to register as an international applicant. If you do not have approved a Norwegian language proficiency certificate or another scandinavian language education necessary to obtain Generell Studiekompentanse (general university admissions certificate) you do not have a nordic educational background.

Registering as an international applicant ensures that your application is processed by our international department who is best equipped to correctly estimate non-nordic educations.

The international department is also equipped to aid with visa applications, and finances. The international department can also give housing guarantees to students who need this to get into Norway.

Are you a nordic citizen and have a nordic educational background? Norwegian, Danish, Finnish, Icelandic and Swedish are nordic applicants for purposes of admission, following the Nordic Declaration on the Recognition of Qualifications Concerning Higher Education ratified in 2004.

- No, i am not a nordic citizen
- I am a nordic citizen, but do not have a nordic educational background
- I am a nordic citizen with an 11-digit Norwegian identity number
- I am a nordic citizen, but do not have an 11-digit Norwegian identity number

Four short questions for our international applicants

Current and former students are already registered in our database and should not register as new applicants, but log in using their e-mail address and password.

Are you or have you been a student at UiT?

- No
- Yes

Four short questions for our international applicants

Register your application

You may now register in UiT The Arctic University of Norway's online application system - **SøknadsWeb**.

Thank you for answering. You may now register as a new applicant in our online application system.

Please note that you need to provide a unique e-mail address to be able to register in our database. Consequently, two applicants cannot register with the same e-mail address and your registration will be refused if you are already registered in our system.
